Hi Emily. I have questions regarding the 3.18 for cosmo DR #15-330117. my understanding from the check list is that the continuation is due within 30 days. if the 3.18 gets continued early then a new 30 days is generated 30 days from when it was continued.

Others in the unit are are telling me that the original date remains and that the check list might be wrong. can you tell me what you are asking for....also if i need to make changes to 3.18 (kick backs) can i make changes directly on 3.18 system and send you changed 3.18 or do we need a 3.14 documenting changes.

feel free to call me on my cell phone tomorrow after 1300... Redacted

Hi Mr Perez,

Thanks for checking in and thank you for agreeing to attend the appeal hearing tomorrow. To put it simply, The Cosmo conditional Use Permit was revoked on May 26th, 2016 pursuant to a Los Angeles City Zoning Administration public hearing that was held on May 10th, 2016. I attached the letter of determination which summarizes the investigation, the Police Department submissions and the Zoning Administrators rational behind the revocation determination. For specific information regarding the determination the determination letter is excellent as it includes summaries of all the work my office put into the case.

The hearing tomorrow is essentially an appeal proceeding wherein the Cosmo Operator and his legal representatives are appealing the revocation of use decision that was rendered by the zoning administrator before members of the Los Angeles City Council. I am sending you an attachment regarding the proceeding tomorrow which includes the exact location of the hearing in City Hall (Room 350 @ 200 N Spring Street) and the time the hearing is scheduled to proceed (1430-hours).

Please let me know if you need any other specific information related to this or any other matter. I'm going to forward you the attachments that I referenced in this reply. Please do not hesitate to call with any questions you might have.

Thank You

Hello Ben,

I have been assigned to attend that hearing tomorrow and have no clue about what's going on in regards the CUP process. Can you give me some details as I have to be prepared and will most likely have to go the metro to check the file.

Thanks,
Joe

Good Evening -

Since the previous report, two additional Sexual Assaults have been added to the attached Excel matrix due to their nexus to ABC licensed locations within Hollywood area.

Be advised a Rape occurred at Sayer's Club last year; however, it wasn't reported until this year. It is not included in the account below due to its date of occurrence.

In addition, a battery report at Lure indicates possible sexual assault in narrative of report, so it has been added to the attached matrix and included in the overall total.

The total overall number is now at 27 through 08/02/2016.

Respectfully,

I reviewed Brian Smith's Master 3.18 also. There were 6 instances where the arrests were not documented on the 3.18. I'm assuming it was the OT details. I'm going to ask Emily what kind of documentation she wants for those arrests because it has to be documented somewhere. Call me if you have any questions.

I reviewed Brian Smith's Master 3.18 also. There were 6 instances where the arrests were not documented on the 3.18. I'm assuming it was the OT details. I'm going to ask Emily what kind of documentation she wants for those arrests because it has to be documented somewhere. Call me if you have any questions.

(7/20, Wootson) interviews IACP president Terry Cunningham who says, “I saw a bulletin that came out yesterday ... encouraging officers not to eat in restaurants because it makes you a public target.” Cunningham added, “You can’t operate under that condition all the time, especially in the half an hour that [police] go to get a sandwich or a cup of coffee. This just adds to that cumulative stress that they’re under. It’s a sad, sad commentary.”

(7/20, Margolin) reports DOJ's National Gang Intelligence Center issued a warning bulletin to law enforcement that suggests "the general anger towards police could now be morphing into an organized effort to target both uniformed and plain-clothes officers – especially by street gangs." The Bulletin says gang members have issued "multiple threats of violence towards LEOs via social media," and there has been a rise in threats and attacks on law enforcement officers since the attack in Dallas.

(7/20) reports recent attacks on law enforcement may have the effect of hindering reform efforts, with many officers feeling bitter, angry, and unappreciated by the citizens they protect and serve. However, IACP

president Terry Cunningham is urging conversations to continue, saying, "Look, if we can't move closer so that we can continue to have these conversations, it's gonna mean that more police officers are gonna die out there." Cunningham added that he appreciates the recent support and acknowledgment from President Obama. In particular, Cunningham appreciated the line, "[W]e can no longer ask you to solve issues we refuse to address as a society," from the President's open letter to law enforcement. The NPR article notes, "Just as Black Lives Matter wants police to acknowledge the reality of racism, police want them to acknowledge that the system is about a lot more than just cops."

(7/20, Gertz), a report by private contractor Symbol Intelligence Group shows that Gavin Long – who fatally shot three police officers and wounded three others in Baton Rouge on July 17 – “was part of a black anti-government movement called the Moorish Nation.” Long was also a member of several other similar groups, including the Washitaw Nation, New Freedom Group, National of Islam, and Freedom from Covert Harassment and Surveillance. The report indicates that Long changed his name last year to Cosmo Ausar Setepenra, which “has origins in ancient Egypt, which is consistent with Washitaw National beliefs that combine sovereign citizen ideas with Pan-African and Egyptian ideologies.”

(7/20, Corder) reports Europol on Wednesday released a report finding that 151 people died from terrorist attacks in Europe in 2015, up from only four the previous year, as the agency warned that ISIL “may ‘put more emphasis on operations abroad’ as a Western military alliance puts it under pressure in Syria and Iraq.” The report said six EU nations faced a total of 211 failed, foiled, or successful terrorist attacks, with all but one of the fatalities resulting from Jihadi attacks.

Hi Sir,

We only did inspections at two establishments on Friday July 8th, 2016, with those being "Cosmo" located at 6364 Hollywood Blvd and "Rusty Mullet" located at 1708 N Las Palmas Avenue. Our people and 77th Street Vice entered "Cosmo" at approximately 2250-hours and departed at approximately one hour later at 2350-hours; the incident number for that inspection was INC #160708005228. The "Cosmo" manager - Conrad Straub (D.O.B: 12-26-1983, CA Lic # E2832971) was cited following the inspection (RFC No. F38594) for Violations of CUP Conditions - 12.29 LAMC and Violations of ABC License Conditions - 23804 B&P.

Our group and 77th Street Vice inspected "Rusty Mullet" after "Cosmo" and entered the premises at approximately 0000-hours on July 9th, 2016. Our people used the same incident number of INC #160708005228 for the Rusty Mullet inspection. The inspection of that premises lasted until 0145-hours, which was the time our people left the facility. Officers completed two Complaint Applications directed at the location operators following this inspection for 12.29 LAMC Violations, 23804 B&P Violations, a 103.106(b) LAMC Violation and a 103.102(c) LAMC Violation. The DR Number for these Complaint Applications have not been generated yet.

Please let me know if you need any additional information regarding these inspections and thank you very much for assisting our team in performing them.

Thank Again,

Hi Miss,

Here is the Game Plan for the operations tomorrow night. I have not included the personnel you will be bringing out. Please let me know who you want me to add and I will do so. I have not submitted this to my supervisor for final approval yet so some of the locations may change but the focuses of "Rusty Mullet" and "Cosmo" will remain. Please let me know what you think and tell me if you would like to see anything changed.

Hi Redacted

Here is the most recent of my "Cosmo" reports. The history is all up to date expect for the Zoning Hearing that occurred regarding the negligent and deviant operation on Tuesday, May 10th, 2016. The Zoning Administrator heard testimony from our department and the operators during this hearing and rendered a decision regarding the property use on May 26, 2015. In this decision, Zoning Administrator - Aleta James Revoked the "Cosmo" CUP and imposed a Discontinuance of Use that applied to property itself, essentially rendering the land unusable as it pertains to live entertainment features and alcohol sales/consumption.

Cosmo is currently appealing this Zoning Administrators decision and will be heard before a Planning Land Use Committee on Tuesday, July 26th, 2016, for the formal appeal.

You can leave the report for me to update as you see fit after you add your investigative portion if you want or you can include some brief details regarding the revocation of use determination rendered by the ZA pursuant to the "Cosmo" public hearing. Please feel free to call me with any questions relating to this report or the current Zoning/Usage Status of the property.

Here is the most recent of my "Cosmo" reports. The history is all up to date expect for the Zoning Hearing that occurred regarding the negligent and deviant operation on Tuesday, May 10th, 2016. The Zoning Administrator heard testimony from our department and the operators during this hearing and rendered a decision regarding the property use on May 26, 2015. In this decision, Zoning Administrator - Aleta James Revoked the "Cosmo" CUP and imposed a Discontinuance of Use that applied to property itself, essentially rendering the land unusable as it pertains to live entertainment features and alcohol sales/consumption.

Cosmo is currently appealing this Zoning Administrators decision and will be heard before a Planning Land Use Committee on Tuesday, July 26th, 2016, for the formal appeal.

You can leave the report for me to update as you see fit after you add your investigative portion if you want or you can include some brief details regarding the revocation of use determination rendered by the ZA pursuant to the "Cosmo" public hearing. Please feel free to call me with any questions relating to this report or the current Zoning/Usage Status of the property.

Thanks [Redacted]
